**M'ADOO RAISES SHOPMEN'S PAY**

**Railroad Mechanics Get Sixty-eight Cents Top Scale.**

**Eight Hours Constituted Overtime Time and Half.**

**New Wages Effective August 1st Throughout Country.**

WASHINGTON, July 24.—The railroad men's fight for a wage increase of 50 cents a month, which would bring their pay to 60 cents an hour, today won a partial victory. The National Labor Relations board has ruled that the men are entitled to a 50-cent increase in their wages, but that the increase should be paid in the form of a bonus, rather than a permanent wage increase. The board also ruled that the men are entitled to eight hours of overtime pay at one and a half times their regular rate.

The board's decision is a significant victory for the railroad men, who have been fighting for a wage increase for several years. The board's ruling is based on the fact that the men's work is essential to the nation's economy, and that their wages are currently below the level of other workers in similar occupations. The board also noted that the men's work is often dangerous and requires long hours of labor.

The board's decision is expected to be appealed by the railroad companies, but it is likely to be upheld. The board's ruling is a landmark decision in the history of labor relations, and it is likely to have a significant impact on the wages of other workers.

**CHARITY CRAFT GOOD. DECLARE INSPECTORS**

**San Francisco, July 24.**

Inspection into the activities of the "Ladies of the Poor," who have been operating a charity craft good, today resulted in a declaration of inspectors that the group is engaged in a scheme to defraud the public.

The inspectors found that the group had been selling goods at inflated prices, and that they had been using the proceeds to pay themselves salaries and other expenses. The inspectors also found that the group had been using the name of the "Ladies of the Poor" to attract attention and to make their sales more successful.

The inspectors are now conducting a further investigation into the group's activities, and they are expected to file a report with the authorities. The group has been warned that if they do not stop their fraudulent activities, they will be prosecuted.

## MAYOR PLANS EXPENSE CUTS.

Back from North, will Take  
up Economy Programme.

Elimination of Commissions  
to be Discussed.

Power Situation Likely to be  
Adjusted, He Says.

Mayor Woodman returned last evening from San Francisco, where he had been for the last ten days, and he brings back information of much general interest to Los Angeles. This has to do with the power situation and also the plan of eliminating city commissions.

During his stay in San Francisco, the Mayor had a long conference with Director-General of Railroads McAdoo, and also with Mr. Schwabacher, director of the Fuel Administration for the Pacific Coast, regarding the Los Angeles electric power situation. The Mayor stated last night that Mr. Schwabacher is very favorably impressed with the Mayor's plan to have the government take over the distribution of electric power in Los Angeles, and the making of some arrangement that will be satisfactory to the people, the Southern California Edison Company and the Los Angeles Gas and Electric Corporation, so that the city's power may be distributed over all lines within the municipality, and thus save fuel oil.

The Mayor stated that while in the north he met several members of the board of directors of the local Chamber of Commerce, and discussed with them the plan of eliminating city commissions and boards, as a step toward municipal economy, and that they were all favorable to the plan. The Mayor stated that today he will confer with J. E. McQuiston, head of the municipal efficiency department, to determine how much could be saved by such eliminations. Immediately thereafter he hopes to lay the entire matter before the board of directors of the Chamber of Commerce, with the hope of starting some immediate movement toward such definite action as will save the city considerable amounts of money.

The Mayor expects a deep regret over the death of Police Commissioner Frank Owen, and paid a high tribute to his worth as a citizen.

## WOULD DROP HUN NAME.

John Albert Schnorenberg and Wife  
Seek to Change Their Titles  
to Norman.

John Albert Schnorenberg and his wife, Ellen Bridget Schnorenberg, both of whom were born in this country and say in their petition filed yesterday that they are loyal American citizens, want the courts to annul their German family name and be known as Normans. The name of Schnorenberg, they say, is distasteful and humiliating to them and a handicap in securing employment.

to protect Los Angeles and Long Beach harbors from silt and storm waters, an appropriation of \$20,350 for dredging that part of the channel between the inner harbor and Long Beach harbor being contingent on this protection.

Another appropriation of \$204,000 has been given for deepening and widening of the channel in the west basin, contingent upon the building in this section of the Los Angeles inner harbor of a dry dock. The government plans to expend in all on the main channel \$426,000 and widening and dredging. Congressman Osborne will inspect the harbor tomorrow with the harbor commissioners, and after a brief rest will return to Washington, leaving here so as to be there August 12. Among those at the speakers' table yesterday at the luncheon were President Mueller of the chamber, R. N. Bull, Capt. Charles T. Leeds, U.S.A.; Maynard F. McFie,

Dr. John Willis Payer, Watt L. Moreland, F. T. Whitley and F. J. Story.

TO "OVER THERE."

Here is a new verse to "Over There," written by Frank Bristol and sung for the first time at the Chamber of Commerce luncheon yesterday at the Jonathan Club to Congressman Osborne, and entitled "Over Here."

Over here—over here—  
We will serve, we will serve—over here.  
While our boys are fighting, are bleeding, dying,  
We'll be striving—over here.  
So prepare—say a prayer,  
Do our BEST—do our BEST and beware.  
We'll be faithful and we'll be hopeful,  
And we won't give up 'till there's  
FREEDOM EVERYWHERE!

## MAY CUSS, BUT AID US—MOORE.

Defense Counsel Head Wants  
Helpful Criticism.

Tells Woman's Committee of  
Need of Organization.

Support Pledged at Luncheon  
at the Alexandria.

Pledges of strong support from all sections of women's activities in war work were given to C. C. Moore, the new vice-chairman of the California State Council of Defense, at a noon luncheon yesterday at the Alexandria. The luncheon was tendered by the Woman's Committee of the County Council of Defense, and delegates from local councils were present from many parts of Los Angeles county. About 200 persons participated and the spirit of patriotism and unity permeated the entire programme.

Mrs. Herbert A. Cable presided. Former Senator Frank P. Flint spoke of the work of the State Council, telling of the need of its being called into existence and of the great scope of its labors. Referring to the response from every portion of the United States to the call for co-operation with the councils of defense, Senator Flint said: "The nation has failed to the defense, but this is no longer a nation of defense—it is a nation of advance. It must press forward, it must keep on advancing until our men come home as victors."

TELL OF WORK DONE.

Mrs. Joseph Evans Cowles, one of the ten women of the United States called to Washington to make plans for the organization of women in war work, spoke briefly of what has been accomplished on this line and of the necessity of a flexible organization that can adapt itself to circumstances.

Mrs. Mary A. Gibson told of the eagerness of the women to help in the war work and declared that "when the Kaiser relegated women to the three K's—kneading, knitting and kindling—we little thought it would be the Kaiser who would arouse the women of America to war work."

"The clock cannot be turned back," said Mrs. Gibson. "We are in a new era and women must take their parts. We may tremble and we may falter for lack of knowledge, but we must and we will go on. This new world that is to evolve out of the war shall not be a man's world, nor a woman's world, but a human world, to which we must all contribute."

Frank B. Lyman spoke for the Red Cross, urging the closest co-operation between the two bodies and telling of the new work undertaken through its bureau of civilian relief, for which an appropriation of \$15,000 has just been made for aid of needy families or dependents of soldiers and sailors.

Mrs. Willoughby Rodman paid glowing tribute to the Allies and their work, and Mrs. Cable reviewed the work of the women in Los Angeles county and in the State. Mrs. T. E. Anderson told of the work accomplished through the City Council of Defense and of its consistent support of the war programme. Marshal Stimson spoke for the four-minute men, telling of their fourteen campaigns, their 1048 speakers, their 437 meetings and the messages they have delivered to 2,317,595 persons.

THE "POWER ROOM."

Mrs. Robert J. Burdette declared that Mr. Moore had come to the "power room" of the civilian army of Southern California, and told of the patriotic propaganda that has been carried by the women into the more than 500,000 households of the State. She called attention to the fact that there are now registered 20,000 more women than men in California, as an indication of the women's alertness in the present-day affairs.

Mr. Moore briefly reviewed the general work of the State body and plans for strengthening its organization. He told of the institution of the advisory war cabinet of the State Council of Defense and of the purpose to create similar bodies for the county and city councils.

"Any failure of our war work in any county," said Mr. Moore, "will be an indication of either wrong persons in charge or lack of proper spirit and understanding, and in such cases these conditions must be promptly remedied."

He made a strong plea for constructive criticism. "Swear at us, if you must," said Mr. Moore, "but try to help. Do your level best as patriotic citizens and the result is bound to be right."

At the conference with the Women's Committee, which followed the luncheon programme, Mr. Moore again addressed its members, stating that it is his purpose to have a woman member on the Executive Committee of the State Council of Defense and one on the State War Cabinet, and that he wants three women on each county council.

Mr. Moore stated that the chairman of the Los Angeles County Council of Defense will be named by the State council, and that all units in each county will be subservient to the county council, authority for war work being centralized in each county council, so that there may be no duplication of efforts or unnecessary friction.

GET ANOTHER LICENSE.  
(LEGAL CORRESPONDENCE.)

SANTA ANA, July 24.—Two years ago, Young Woon Chun, 42, a Korean, and Timotea Hernandez, 50, a Mexican Indian, secured a marriage license here, and supposing that was all that had to be done, they have lived as man and wife ever since. Yesterday Young Woon Chun was informed he had not been married. The former license had been lost, so much perturbed, they went to the Courthouse and secured another. Justice J. B. Cox tied the knot, and now all's lovely in the Chun household.

## The Danger of Imitations.

AN OHIO druggist writes to "The Practical Druggist," a prominent New York Drug Journal, as follows: "Please furnish formula for Castoria. All the formulas I have worked with are either ineffective or disagreeable to administer."

To this "The Practical Druggist" replies: "We do not supply formulas for proprietary articles. We couldn't if we wanted to. Your experience with imitative formulas is not surprising, but just what is to be expected. When Castoria is wanted, why not supply the genuine. If you make a substitute, it is not fair or right to label it Castoria. We can give you all sorts of laxative preparations for children, but not Castoria, and we think a mother who asks for Castoria would not feel kindly toward you if you gave her your own product under such a name."

No mother with a spark of affection for her child will overlook the signature of Chas. H. Fletcher when buying Castoria.

## Children Cry For

Extracts from Letters by Grateful  
Parents to Chas. H. Fletcher.

Mrs. Wm. Palmer, Sterling, Ill., says: "Your Castoria has been my friend for twenty years. I could not keep my children well without it. I cannot speak too highly of your wonderful remedy."

Mrs. Frank H. Caffery, of Providence, R. I., says: "If all young mothers would use Castoria it will bring up their child. My nurse and doctor can also tell what your Castoria can do."

Howard A. Banks, of Hickory, N. C., says: "Your Castoria is the only physic we ever give our three babies. The fact that we use it promptly is probably the reason we never have to use any other."

Mrs. A. J. Nelson, of Waco, Texas, says: "Enclosed you will find a picture of 'Our little Castoria boy.' When a week old I ordered your Castoria for him, and I have never been up a night with him since."

Mrs. Eva Ott Mohn, of Jersey City, N. J., says: "I attribute the present excellent condition of my baby to your Castoria which he has been using since he was three weeks old. I have not lost a night's sleep in seven months."

## SPEAK AGAINST WAR CRITICISM.

Too Much of it Going on, Say Many at Meeting.

Must Stop Traitors' Mouths, Declares Governor.

Savings Societies will Have Directing Board.

The temptation to criticism of various war activities was the theme of the meeting held by 2500 members of the city's National War Savings Societies called by Motley H. Flint, chairman for Los Angeles city and county of the National War Savings Committee, held at Shrine Auditorium last night.

"We must make our criticism constructive and not the opposite," declared Gov. Stephens to the gathering. "It is up to us to help our commander-in-chief win the war. It is your duty to stop the mouth of anyone who talks against the flag. We don't want any traitors. If a man belongs to the I. W. W., that very fact makes him a traitor, and we ought to put him out of the United States. I feel such my duty as Governor of the State."

Motley H. Flint was even more denunciatory of destructive criticism. The meeting, he said, was called to discourage it.

"There is too much criticism altogether," he declared. "Don't bring your neighborhood quarrels into the war. Let's forget them. We are all unwarmed and hypersensitive now at a time when it is up to us to keep cool heads. Don't enter any other war activity in the name of the national war saving society you may be in. If you want to do any other war work, it is your privilege. But you cannot take with you the National War Saving Society. It is something apart from any other organization. And, further, the president or secretary of any society has no right to order any member of his precinct society to do anything not in furtherance of national war savings."

A governing board, composed of five members, selected by a vote of every precinct worker from five different precincts, is to be installed at once, stated Mr. Flint. To this body will be referred all questions pertaining to the city's war savings societies, he said, and all disputes and quarrels will be in its hands.

"Get inside stuff," he admonished the workers. "Don't pass the buck. Write out your complaint and sign."

## VALLEY RANCH CHANGES HANDS.

Eighty Thousand Acres are Involved in Big Deal.

A contract was filed in the County Recorder's office yesterday covering the proposed exchange of 31,000 acres near Port San Felipe for about 50,000 acres near Calexico. Eduardo J. Andrade is the acting agent for twelve other persons, who own the 31,000 acres.

The contract provides that the expenses of the deal are to be met by J. W. Jameson. He will receive three-fourths of the land near Calexico, under its terms.

\*\*\*\*\*  
your name. Then mail it to headquarters. Every case will be investigated, but only the guilty ones prosecuted. There has been far too much trouble caused by hysteria. It was announced that the first day of the Allied war exhibit, which comes to Exposition Park August 1, will be termed "National War Savings Day," and the local committee will be in charge. For every ticket sold, one Thrift Stamp is to be given. The affair is to be under the general supervision of the war savings societies.

## SHOW MAN TAKEN.

Diedrich Kuck, who Built One of City's First Theaters, Expires in New York.

Diedrich Kuck, who established a variety theater in Los Angeles years ago, and for a long time was prominent in providing amusement features here, died in New York yesterday.

Mr. Kuck's theater was known as the Mercad Theater, and was located a short distance south of the old Pico House, fronting on Main street. It was opened in 1877, and for fully fifteen years was used as a house of public entertainment for theatrical performances, lectures, etc.

Even in those days, however, it had rivals. The first theater here was opened in 1833, in Stearns's Hall, located at Arcadia and Los Angeles streets, and then followed the Temple Theater, located in the second story of the Temple Building, where the Bullard Block now stands. This building, later, was sold to Los Angeles county for \$25,000, and was converted into a Court house, with the theater divided up into judges' chambers and courtrooms.

## RED CROSS PAVILION TO HAVE OPEN-AIR DANCING.

THE large dance pavilion erected by the Jefferson P. T. A. Red Cross Auxiliary at their Adobe Inn, Jefferson and South Figueroa streets, will be formally opened on Saturday afternoon and evening. Under the directorship of Mrs. H. T. Reid, film stars, singers and dancers have been gathered for a great cabaret entertainment. On the spacious grounds surrounding the inn various games will be constantly in progress, and refreshment booths, fortune tellers and other features that go to make a complete carnival will be there.

Among the organizations contributing to this Red Cross project are the Sierra Madre Club, California Fruit Juice Company, Godfrey's Cafeteria, California Market, Coca-Cola Company, Savinetti Drug Store, Ralph's Grocery, Darling's Flower Shop, Tom Clark, Bullock's, Hamburger's and Al Levy.

Goodwin Knight, the Naval Reserve at San Pedro will give an address on a patriotic subject during the evening. Charles Murray will act as auctioneer in disposing of a quilt; Virginia Lee Corbin, the diminutive motion-picture star, will receive the children during the afternoon and entertain them with dances, and Alice chairman of the Bennett studios and Katherine Brubaker will also dance. Ruth Klinton will present an Indian turn, and Georgia Williams, whistler, will give some selections. Others on the program are Margery Wall, Mrs. William Selneke of Tucson, Ariz., and Davis and Smallman, vaudevillians. Mrs. George Aunger will read fortunes from cards.

One of the best features of the carnival will be given by Bud Jamieson of the Rolin studios, who will aid belligerent people to "swat the Kaiser." Dancing in the new pavilion will be continuous. The night's work will be done with a conflict battle. It is due largely to the efforts of Mrs. H. T. Reid that the auxiliary is able to boast of being the only tea room in the city with an outdoor dance platform. Employees of H. T. Reid have given their time for several days to complete the pavilion before Saturday.

Work will be resumed tomorrow at the school auditorium for the surgical dressings and general sewing classes of the auxiliary.

## GRAND JURY LOOKING INTO WATTS ELECTION.

The county grand jury yesterday examined five witnesses with relation to charges that the liquor interests colonized Watts with outside voters at the wet and dry election there in April.

Those questioned were Mrs. John Lang (wife of a former Mayor of Watts), Mrs. Carrie Stockwell, Mary Smalley, Ida Aschenfelder, Howard A. Stockwell and Alex Pattie. Two important witnesses failed to appear and Detective Green was detailed to locate them.

**SUES ON COPYRIGHT.**  
Alleging that the American Society of Composers, Authors and Publishers was damaged to the extent of \$3000 by the public rendition in the Tower Cafe at Seal Beach of the song, "Oh, You Wonderful Girl," Attorney Philip Cohen, yesterday filed an action in the United States District Court. It is alleged in the bill that Louis White and P. C. Blankenship, proprietors of the Tower Cafe, failed and refused to take out a license to use the copyrighted music controlled by the association.

Life-Size.

## PERSHING'S PICTURE TO BE SOLD FOR RED CROSS.

BY OLIVE GRAY.

YESTERDAY, in the windows of the New York Store, on Seventh street, there was exhibited for the first time the life-size painting of Gen. Pershing, which is to be sold for the benefit of the Red Cross. This fine portrait is the gift of Sol Bruck, who purchased it from the artist, Irving Sinclair of Seattle, for the purpose of presenting it to the Red Cross in Los Angeles. The distribution of tickets, in connection, involves an interesting educational contest, and all money raised is to go to the Red Cross. Full particulars may be obtained at the New York Store, where the picture is shown.

Each day and every hour of the day, new features are disclosed in relation to the New York Store's Red Cross carnival. The program is daily augmented with acts by popular stars of the vaudeville stage, and the place is thronged with people to perform, and dancers present something new for the day's or evening's entertainment. Subscribers as those of Constantino, Norma Gould, Monroe Salisbury, J. Warren Kerrigan, Miss Florida Flores, Ben Alexander, add brilliancy to the anticipated event.

Little Georgia Bess Pemberton will give her wonderful patriotic songs, dances and impersonations. This child, only 6 years old, recently raised more than \$4000 in an eastern city, performing on a downtown street corner for the Red Cross. Saturday will see her initial appearance at the Los Angeles Red Cross carnival.

Mme. Rose Diogo, who has been here from Paris but fifteen days, will give a series of lectures, and a joy zone with all that the name implies of jollity and fun. Charlie Murray is to be master of ceremonies.

The program will continue from early afternoon, until tired feet weary of the dance, which is to take place in the roped-off street, the Naval Reserve Band furnishing the music.

Saturday next is the time, the Red Cross Shop at Eighth and Alvarado streets, the place.

Population 607,387.

## CITY GROWTH IS SHOWN IN THE NEW DIRECTORY.

THE population of Los Angeles is now well over the 600,000 mark, in spite of the war, that has taken many persons away and prevented other thousands from coming, according to the city directory for 1918, which has just been issued. The directory figures of population are 607,387, as compared with 594,994 a year ago, an increase of 16,592.

Besides the growth in population, the directory summarizes other material expansions of the city during the last twelve months. Bank transactions for the fiscal year are recorded as having totaled \$2,912,141,411.6, a substantial increase. Receipts at the Los Angeles post office during the year were \$2,862,520.82, an increase of \$234,439.65. The city annexed 10.94 square miles of territory during the year, making Los Angeles about forty-four miles long by twenty-nine miles wide, the total area being 382.04 miles. Within the corporate lines of the city there are 493.5 miles of paved streets, and 724.42 miles of improved streets.

Los Angeles has 196 school sites, each of which is at least one school building. There are seventy-three of the buildings are for elementary schools, fifteen are high schools and eight are intermediate schools. Teachers employed in the day schools number 2334, and the average daily attendance at the schools during the month ending May 24 last was 87,423 or 2512 more than the average daily attendance during the year before.

A resume of the great industrial expansion of the city during the year is given in the new directory. The subjects including the shipbuilding industry, canning, manufacturing of various kinds, etc. These subjects have already been published in The Times, as compiled by the Chamber of Commerce and from other sources.

## FRANK D. OWEN IS SUMMONED.

Police Commissioner Called by Death.

Was One of City's Pioneers in Drug Business.

Noted as Able Executive and for High Ideals.

Frank D. Owen, for five years Police Commissioner of Los Angeles, died yesterday at his residence, No. 1655 Rockwood street, after an illness extending over many weeks.

Nearly two months ago he suffered a severe attack of stomach and kidney trouble. After a period of recuperation he regained his health to such an extent that he was able to leave the house, but while taking a walk about ten days ago he suffered a sudden relapse, and from that time until the end came his condition was regarded as hopeless, although several physicians were frequently in consultation at his bedside.

Mr. Owen was born in San Francisco sixty-four years ago, but he was regarded as one of the pioneers of the drug business in Los Angeles, having come to this State in 1880. He was employed as manager of drug stores in San Francisco and Oakland until 1884, when he came to Los Angeles.

Until 1888 he was head clerk in the Helmsman drug store, then located across the street, east from the present location of the postoffice. He assembled capital and organized a drug company of his own, which was located at Temple and Belmont streets.

In 1891 a State examination for all pharmacists was held, and Mr. Owen passed it with the highest mark of any druggist in California. He conducted his pharmacy in that location until 1901, when he merged his business with that of the Sun Drug Company and became its secretary here. In the same year Gov. Gage appointed him on the State Board of Pharmacists. During the year 1902 he managed store No. 2, between Third and Fourth streets, on Broadway, and then moved to store No. 1 at Second and Broadway until 1911. He then sold his interest in the drug business and took charge of the insurance department of the O. E. Farish Company.

In the insurance business he enjoyed full measure of prosperity, as that which crowned his efforts as a pharmacist. After a while he went into insurance by himself. In recent years he had been associated with Philip Mesny in an insurance office.

Five years ago this month Mr. Owen was appointed Police Commissioner of Los Angeles by Mayor Rose. He filled that responsible position so successfully that he was continued in office through the San Juan election, and was in turn appointed by Mayor Woodman. The position is a nonpartisan one, but Mr. Owen held it under three different Mayors and discharged his manifold duties in a manner that endeared him to all those who came in contact with him officially.

Personally he was a man of high ideals, and his associates say that he only remained in the office of Police Commissioner these last few years for the sake of better politics. He was never regarded as a politician, but rather as an able executive and a successful business man. He was a man of high character, a comfortable quantity of this world's goods, during his career in business.

Mr. Owen belonged to Southern California Lodge, F. and A. M.; the Elks' Lodge, Elks' Lodge No. 99, and the Elks' Lodge No. 99.

Frank D. Owen.

He is survived by the widow, Mrs. Wilhelmina S. Owen, a woman of distinction.

The funeral services will be held tomorrow afternoon at 2 o'clock at the residence, Rev. Baker P. Lee will officiate. The cortege will be escorted to Rosevale Cemetery by squadrons of police and firemen. The Firemen's Band will meet the procession at the cemetery entrance and lead the way to the grave, where the Knights Templar ceremonies will be held.

The active pallbearers will be John Luckenbach, Perry W. Weldner, E. Luckenbach, Harry E. Andrews, Capt. George R. Home, Dr. H. Bert Ellis, Edward R. Maier and Judge N. P. Conroy.

The Police Commission, of which Mr. Owen was a member for five years, adopted the following resolution yesterday:

Whereas, at the meeting of the Board of Police Commissioners held this day, this board was advised of the death of our commissioner, Mr. Frank D. Owen; and

Whereas, this board desires to express to the citizens of Los Angeles its sympathy to the family of the deceased, the high esteem in which Commissioner Owen was held by his fellow-commissioners; and

Now, therefore, be it resolved by the Board of Police Commissioners, that in the death of Mr. Frank D. Owen this commission has lost a most valuable member, and the city of Los Angeles a citizen who has always stood for the highest and best in civic affairs; and

Be it further resolved, that this board advise, as a mark of respect to the memory of our deceased brother, and

Be it further resolved, that these resolutions be spread in full upon the minutes of this commission, and that the secretary be instructed to forward a copy to the bereaved family, this as an expression of our personal sympathy in their hour of sorrow.

BEIT L. FARMER, President pro tem.  
PAULEY M. JOHNSON, Commissioner.

TO START ROAD AT HARBOR.

Work soon will be started upon a new concrete road between the harbor boulevard and the plants of the Los Angeles Shipbuilding and Dry Dock Company and the Standard Oil Company. Yesterday the Council authorized an appropriation of \$12,500 to meet the expense of the project. That the improved road is badly needed was the representation made by President Fred L. LOUDON LOSES SUIT.

Judge Refuses to Give Aged Man Divorce; Must Pay His Wife Monthly Sum.

Judge Avery yesterday denied a divorce to Col. James Arlington Loudon, the aged husband of Sarah Hancock Loudon, who accused him by Anne Nutt Baker, a stepdaughter; Martha Nutt and David Nutt, a niece and nephew of Mrs. Nutt. They charge that Mr. Simpson and his wife, Dr. A. Winegar Simpson, exercised undue influence over Mrs. Nutt, who was a patient in the sanatorium. It is alleged that the Simpsons brought a will already prepared and induced Mrs. Nutt to sign it.

Mrs. Nutt was suffering from pellagra and died in the institution a few months after she was admitted. She had no near relatives.

The Simpsons claim that the will is valid and was executed by virtue of an agreement to care for Mrs. Nutt as long as she lived and that the proposal came from her.
